The Broad Street church reserved the Nature Preserve for yesterday afternoon for an all-church hamburger supper and "best pie of 2018" contest. I just want you to know how much we appreciate the use of that facility.

The weather was great and the pavilion and amphitheater were the ideal gathering places for our group. At sunset the view of the sky was breath-taking!

Everyone kept saying how blessed we are in Mineola to have a place like the Nature Preserve. And we appreciate the city allowing us to use it - and at no cost! Thank you again!

Sincerely,

Jean Delafield
