

MEMORANDUM

TO: City Administrator Mercy L. Rushing

FROM: Doris Newman, Main Street Manager / HPO

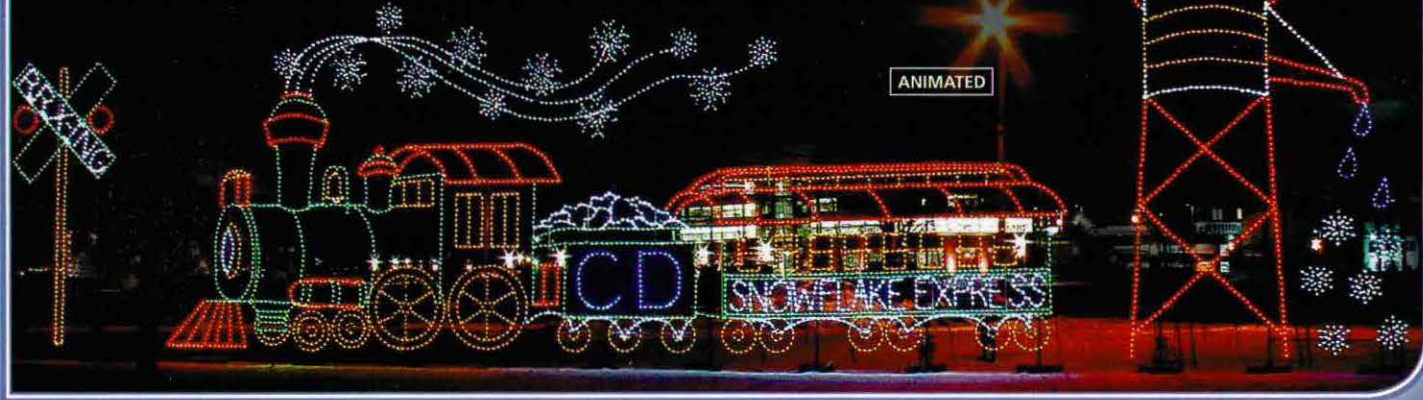

SUBJECT: Meredith request for Main Street

Main Street

Main Street is requesting funds to purchase Christmas decorations for Iron Horse Square. Many of our decorations have been used for a decade, and during that time the weather has taken a toll causing plastic components to become brittle and old wiring to break. The Main Street Board voted to finally retire the old castle which has been repaired numerous times. Boy Scouts salvaged light bulbs from it and we are looking at having a local welder repurpose the structure into an archway through which the mini train at Iron Horse Square can roll through. Our desire is to place Christmas decorations around the track there, as we hope to create a Christmas destination as well as an educational location. We are also looking at a depiction of an old water (see photo) and checking to see if the local welder, Robbie Ballard, can create this more affordably than the price shown in the catalog. **We are requesting \$9,000 for Christmas decorations.**
