The playground equipment installation at Iron Horse Square Park is well underway. The city of Mineola and Landmark Commission are happy to be offering this addition to the park on Front Street. While the installation of the equipment is expected to be finished today, the playground won't be complete until the safety surface has been installed. We also want to point out, once again, what a wonderful supporter the Meredith Foundation is of improvements to our town - including this one on the south side of our town! Thank you!!! #MineolaTexas
