

## **PUBLIC SERVICE ANNOUNCEMENT**

Mineola Police Department now offers child safety seat checks with a certified (CPS) technician. National Child Passenger Safety (CPS) Certification Training is a 3 day program of Safe Kids Worldwide. Statistics found that the majority of parents misuse child restraints. With a community CPS Technician parents and caregivers receive one-on-one education and hands-on assistance with proper use of child car seats and seat belts. Our technician will check to make sure the seat is installed correctly and teach you how to use and install a seat on your own. After all, we want our children to travel safely and securely!

Please contact the Mineola Police Department to schedule an appointment, 903-569-6294
