Dear City Council Members:

On behalf of the Mineola Police Department I would like to thank you for allocating the funds that allowed us to make the much needed purchase of the three new Tahoe's. The vehicles have been put into use and has helped narrow the gap between Mineola Police Department and other agencies. Now more than ever, we need to attract and keep quality officers.

These beautiful SUV's have certainly raised the competitive hiring bar that exists between all law enforcement departments and will be a positive factor in retaining valued administrative staff here in Mineola.

Attached is a photo of the Tahoe's with Dusty, Donivan and I. We are so proud of them.

I really thank you for your generosity.

Sincerely,

A handwritten signature in blue ink that reads "Charles Bittner".
