Dear Fire Chief,

Enclosed is your FY 2021-2022 Interlocal Contract. Please have all three (3) originals signed and returned for approval by the Wood County Commissioners Court.

Section Six of the Contract requires each department to provide proof of expenditures of the County's contributions showing the direct benefit to your department. The FY 2020-2021 form is green in color and should be submitted as soon as the funds are expended and no later than December 1, 2021. The release of future funds to your department is dependent on this reporting. The sooner the financial information is submitted to the Wood County Auditor's Office, the sooner the funds can be released for the next contract period after October 1, 2021.

Please attach copies of all applicable invoices and canceled checks with any additional pertinent information. The total reporting should equal or exceed the amount received from Wood County. If funds remain, proof of funds should be provided with notation as to the reason the funds were not spent. Additional reporting is required for the follow-up expenditures. Any item(s) claimed with funds received from Wood County should not be claimed for reimbursement from other sources.
