Mercy,

I hope this email finds you well!

As you may have heard, my mom passed away last month.

Prior to her passing, plans were in motion for Mom and Dad to move to the St. Louis area to live next door to my sister, Cathy.

With Mom's rather sudden passing, Dad decided to accelerate that plan a bit. I'm happy to report that he has already moved and settled in there.

As you likely recall, the Mineola Historic Preservation Foundation had a little over \$700 that we voted to give to the City of Mineola - earmarked for the Landmark Commission.

I know you and I have tried several times to arrange a time for my Dad (and even Lou, prior to her passing) to present these funds at a City Council meeting.

However, with him now living in Missouri, I wonder if I could simply bring a check by City Hall someday and quietly make the donation.

This should also allow me to close the foundation's bank account.

Let me know if that works...and/or how to best proceed.

Thanks so much!

I Ron, absolutely just drop the check to me and I will make sure and put this money earmarked for the Landmark Commission and I will mention it to our Mayor and City Council that Mineola Historical Preservation Foundation has dissolved and had the money closed out the account and is giving it all to Mineola Landmark Commission. Would that be alright, I will do this as part of My City Manager Report if you are good with this or I don't have to say anything its up to you?
