

Nickey -

Thank you so very much for putting on a first class production with the youth hunt this past weekend. What an amazing experience for those kids and I'm pretty sure that you didn't get rich on overtime pay. Thank you for all the planning and extra effort it took to make it all happen.

Sincerely,
Joel Lenders

Justin -

You were so kind and patient with Ella. I simply can't thank you enough for all the kind words and gestures, especially when she needed to hear it from someone other than me. She may not be elite in the deer woods yet, but she's hell with a fishing pole. We will keep trying. You were really great over and above the norm. Thanks man.

Best Regards,
Joel
