Greetings!

Congratulations on your nomination in the second annual Weekend Wonders contest! The East Texas Weekend created this campaign to feature the many unique attractions and destinations throughout the region. We are proud to include you among them!

We hope you'll wear this distinction with pride, and we look forward to seeing your name among the nominees again next year! In the meantime, you can display the included window sticker and certificate to your patrons. You should have received a digital badge to include on advertising via email. If you did not receive that, please email me (jade.allen@KLTV.com).

The East Texas Weekend was created by KLTV and KTRE in 2018 as the hub for weekend entertainment, destinations, and activities in our area. Whether it be a weekend trip to surrounding areas...or a staycation right here in our own backyard, our app and website are the perfect place to *plan yours*.

Congratulations once again on this honor! Your destination is just another reminder that in East Texas, you're never too far from fun.
