

Total students for fire prevention programs in November were 222 including the following –

- 1. Head Start Program at Mineola Schools**
- 2. Mineola Schools Kindergarten Field Trip to the Station**

Also, we continued our work with 99.9 KMOO to record and produce a PSA announcement about Turkey Frying Safety Tips. It was played 8-10 times per day for the 10 days leading up to Thanksgiving on both 99.9 KMOO and their sister station 95.1 KWJB. This spot, each time it played, reached from 25,000 to 40,000 listeners. They have asked that we do more of this type of PSA announcement for each season. This partnership will allow us to better educate the Mineola Community and surrounding areas with fire safety tips as well as emergency weather seasonal information.
